Essay (Section II)**

Instructions

Answer **the questions** in Section II in booklets provided.

No. of questions : One (01)

No. of pages : One (01)

Time : Thirty (30) mins

Total marks allocated : 60%

1. Assume that you have been appointed as an extension officer in Anuradhapura district. Regional milk collectors complain that milk collected in the morning in this region contains unusual odor and flavor, high titratable acidity and lots of debris and sediments. Therefore, you need to conduct awareness programs for dairy farmers in this region to solve the above problem. Explain how you are going to conduct this awareness program in detail.

(50 marks)

[End of Section II]
